

## TOTALITY CAME VERY SUDDENLY

It Made Spectators Jump and Women Shriek at Norfolk, Va.

## DARK FOR ONE MINUTE

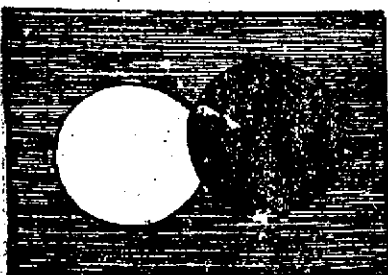

Negroes Became Frantic With Fear Believing World Was Coming to an End.

## SUN ECLIPSE OBSERVED TODAY

Norfolk, Va., May 28.—[Special Telegram]—The total eclipse took place at eight fifty-three o'clock. All was dark for one minute, during which time one star was visible above the place where the sun disappeared.

The totality came with a suddenness that made the spectators jump. Some women shrieked.

The planet Mercury was plainly visible, but Venus was not so clear. Jupiter was not visible. The corona was

BEGINNING OF AN ECLIPSE.

the center of attraction. The weather conditions were perfect. Lamps were lighted, fire-works shot up and whistles screamed.

The Negroes became frantic with fear, believing the world was coming to an end.

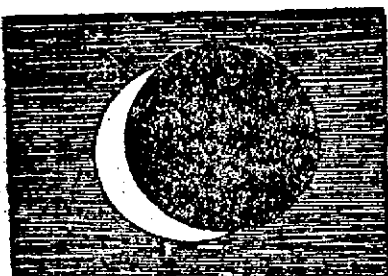

Cloudy in New York and Chicago.

New York, May 28.—[Special Telegram]—Cloudy weather interfered greatly with the observation of the eclipse this morning. At nine o'clock it reached its height. Lights were necessary in offices and houses. Other eastern cities report cloudy weather spoiling the view of thousands out with smoked glasses.

Chicago, May 28.—[Special Telegram]—The eclipse was not noticed here, as rain was falling heavily during the hour it was scheduled.

Atlanta in Twilight.

Atlanta, Ga., May 28.—[Special Telegram]—The observation was a success. Thousands of people crowded around

AT NEAREST TOTALITY.

the station, and a volunteer protection corps was necessary to keep back the crowd, and at 7:40 Atlanta was in deep twilight.

New Orleans, May 28.—[Special Telegram]—The total darkness at 7:30 o'clock lasted one minute.

Report Excellent Results.

Washington, May 28.—[Special Telegram]—Reports received by the weather bureau show that the weather is clear along the entire belt of totality from New Orleans to Norfolk. The naval observers at Barnesville, Ga., and Pinehurst, N. C., report excellent results.

## ARMY OF ASTRONOMERS SEE IT

Total Eclipse of the Sun as Seen at Atlanta, Ga.

Atlanta, Ga., May 28.—Much about the sun was learned today by the learned astronomers from all parts of the enlightened world. The results will be almost invaluable to science. Georgia skies were almost clear as crystal at the time of the eclipse. The weather was ideal and the conditions favorable during the phenomenon, thus giving a fair test of the great scientific work planned for the day. Prof. S. J. Brown, director of the naval observatory at Washington, who is in charge of the government observatory station at Griffin and Barnesville, Ga., and Pinehurst, N. C., was happy over the results achieved.

Astronomers obtained numerous photographs, not only of the occultation and transit of the sun and moon, but of the various solar phenomena such as the corona, the photosphere and the chromosphere—those vast seas of incandescent gases which are said to extend 1,000,000 miles on each

side of the sun, while the jets of flame in the chromosphere are thought to rise to a height of 160,000 miles.

The effect of the eclipse on the ignorant negroes and the animals and fowls was watched with great interest in this state. Many negroes feared judgment day had come and there was great consternation among them.

Many of the astronomers remained up all night. The path of the eclipse took a course across a portion of the globe, starting in the Pacific ocean at a point southwest of Cape St. Lucas in Lower California. It was first observed on land on the west coast of Mexico, whence the moon's shadow traveled at a velocity of 1,000 miles an hour, being "total" at New Orleans at 7:30 in the morning and on the Atlantic coast at or near Norfolk about an hour later.

## TROOPS MUST BE SENT TO PEKIN

Chinese Government Forces Have Been Defeated by Boxers—Situation Is Critical.

Tientsin, May 28.—[Special Cablegram]—The "Boxers" burned Liuliu station, on the Lubei railway, thirty miles from Peking last night. They also wrecked a train and murdered a number of Chinese employees. The Belgian engineers in charge of the work are safe at Elingai. The "Boxers" are marching toward Peking.

Shanghai, May 28.—Reports received today indicate that affairs around Peking are extremely critical, owing to the defeat of the government troops by the Boxers.

It is now regarded here as certain that foreign troops must be sent to Peking to protect the legations while the withdrawal of missionaries from the interior is considered imperative.

Large portions of the provinces of Peohi-Li and Shan-Tung are in a state little better than absolute anarchy, and disorder is spreading in the province of Shan-Si in consequence of the encouragement received from the empress dowager.

## KANSAS' CRY FOR HELP

Twenty Thousand Extra Men Needed to Harvest the State's Enormous Wheat Crop.

Topeka, Kan., May 28.—Kansas wants 20,000 men to help save her enormous wheat crop. State Grain Inspector McKenzie, who has just returned from the Kansas wheat belt, says the state will harvest 55,000,000 bushels and the harvesting will begin in southern Kansas by June 12.

Nothing can occur now to injure the crop except destructive storms as the earth has been regularly soaked with timely rains. Last night nearly all of central Kansas was visited with heavy downpours, the rainfall in several counties being more than three inches.

Inspector McKenzie and grain men say the greatest danger threatened is in the dearth of laboring men to harvest the great crop. Summer county which alone has an acreage of 294,000 will have to get at least 1,000 extra men. The same condition exists in twenty other counties.

Where the 20,000 extra men will come from the farmers do not know. It is stated that about 2,000 harvesters will come from Oklahoma following the harvesting season north as it progresses.

## PONTIFF AT ROME BLESSES MARTYRS

Seventy Seven Missionaries Who Lost Their Lives Working in China Beatified—Impressive Scene

Rome, May 28.—Yesterday afternoon the Pontiff solemnly pronounced the beatification of seventy seven missionaries martyred in China and Annam between the years 1798 and 1856. They mostly belonged to the French missions. St. Peter's was beautifully decorated and illuminated and the 50,000 persons who assisted in the impressive ceremonies were mostly French people, although many pilgrimages made up of Germans, Spanish, Portuguese, Sardinians, and Egyptians were in the congregation, besides numerous Americans. The Pope, borne aloft in the gesticatory chair, entered the church at 5 o'clock amid the dazzling pomp of the papal escort, while a band of trumpeters playing the pontifical march opened the gorgeous pageant.

The Sacred College of Cardinals, the entire Vatican court, including the Papal troops and the gendarmes of the guard followed. The brilliant sight brought forth frantic cheers. The Pope descended from his chair and knelt and prayed upon the tomb of the apostles, and then the services proceeded, the Pontiff retiring until 7 o'clock, when for the apostolic benediction he re-entered the church and was ecstatically cheered.

The Pope has ordered the pilgrimages suspended from June 15 until Sept. 15. This is a sanitary measure due to the extremely hot season and fear of epidemic.

Cotton Brokers Fail.

New York, May 28.—[Special Telegram]—Seymour Johnson & Co., stock cotton brokers, announced their failure this morning.

## MILWAUKEE WILL GREET CLUB WOMEN

CREAM CITY IS PREPARED FOR HER FEMALE GUESTS.

Fifth Biennial Session of the National Federation Will Meet Next Monday—Reorganization Question Promises a Contest—Many New Federations—Outlines of Convention Work.

Milwaukee, May 28.—Milwaukee wants 150,000 women next week. The fifth biennial session of the General Federation of Women's clubs opens Monday and closes the following Saturday. There are 150,000 women in this federation, and Milwaukee wants them all—that is, if the words of the invitation committee mean anything. At least 2,500 will be there, because they represent a club, and fully 2,500 will go to look on.

Weeks ago the hotels sent out word to the late inquirers: "We're full; awfully full; awfully full."

The women in the east and west said "Oh!" The club women said: "One room can accommodate four—we'll hang curtains, dormitory fashion." That is why some club women didn't understand at first what the card meant they received the other day which read, "Come and bring some drapery."

Many New Federations Delegates will come from all states in which there are federations, and there are more of these states than there used to be. During Mrs. Lowe's term as president federations have been formed in Texas, Indiana, South Dakota, South Carolina, Maryland, California and Oregon.

Delegates are prepared to talk on the reorganization of the general federation, but the politicians say: "Reorganization will be postponed for two years; we'll simply discuss it at this biennial." The feeling, however, for and against reorganization is intense. In fact, it is quite personal.

Nearly all the large clubs are for it, preferring representation by state federations in the general body. The smaller clubs ask: "Where do we come in? We'll lose all individuality and be dominated by the big clubs."

Mrs. Lowe Again a Candidate Mrs. Lowe is a candidate for re-election as president, and it is likely Mrs. W. S. Decker will again be vice president. Mrs. Tod Helmuth, a member of Sorosis and thirty-five other clubs, will probably get a vote or two for the presidency.

These women will attend twenty sessions, at which there will be fifty speakers, taken from the best of the clubs can bring forth. The program was arranged by Mrs. Edward L. Bookwalter of Springfield, O. It is filled with long days, commencing at 9 o'clock and ending somewhere about 11 o'clock at night, with occasional pauses for drives, teas and receptions. On the first day the council will talk about "Cooperation Between Club Women and Wage-Earning Women."

## RAILROAD PEOPLE VISIT MILWAUKEE

Commissioners of Over Thirty States Assembled to Attend the Twelfth Annual Convention.

Milwaukee, May 28.—Between 200 and 250 persons arrived in Milwaukee today to attend the national convention of railroad commissioners which opened a two-days' session at the Hotel Pfister. Among that number were not only a railroad commissioner and several assistants from nearly every state in the Union, but likewise members of the Interstate Commerce commission and members of American Railway Accounting Officers, which has been invited to attend the deliberations and take part in the discussions. There are other state officials in attendance, particularly from neighboring states, while the number of the ladies in the party reaches fifty or more.

One of the principal speakers at the convention will be President S. R. Callaway of the New York Central & Hudson River railroad. An address by President Callaway has been positively secured, and it is being looked forward to as a feature of the proceedings. Railroad Commissioner Graham L. Rice has received word that Chauncey Depew, president of the Board of Directors of the New York Central, may also be in attendance.

## COPPER MINE ON FIRE

Calumet and Hecla in Northern Michigan in Dangerous Position—One Man Suffocated.

Houghton, Mich., May 28.—[Special Telegram]—The fire in the Calumet and Hecla copper mine, which started yesterday morning, is still raging. Will McRea, one of a party of twelve, went down to close the traps and was suffocated. Five others were in a serious condition when rescued.

Baseball Stand Burned

Cincinnati, May 28.—[Special Telegram]—Fire at three o'clock this morning destroyed the grand stand at the baseball park. It is believed to be incendiary. Loss fifteen thousand dollars.

## G. A. R. PLAN TO GIVE BACK FLAGS

CONFEDERATE BANNERS MAY BE RESTORED TO THE SOUTH.

Congress Must Act—Official Authority Must Be Sought During the Coming Week—Hundreds of Homely But Beautiful Emblems Held By War Office.

Washington, May 28.—During the G. A. R. encampment in Chicago President McKinley will have the pleasure of returning to the southern states the confederate battle flags now in the war department.

Prominent members of the G. A. R. have a plan to secure the authorization of congress for the return of these flags, and it is hoped both houses will pass the necessary joint resolution before adjournment two weeks hence. During the coming week it is expected the military committees will take the necessary preliminary action.

If the consent of congress can be obtained the flags will be turned over to the G. A. R. the representatives of confederate military organizations will be invited to Chicago, and with beautiful ceremonies President McKinley, assisted by the veterans of the blue and gray, will hand the torn and blood stained banners back to the valiant hands which once carried and defended them.

Mute Witnesses to Valor Stored in the attic in the War department are 400 or 500 of these confederate flags. They have been there ever since the war. Few visitors to the national capital see them, because they are not easily accessible and are kept in a dingy attic. But there are few more inspiring scenes in this country than this collection of ragged flags. They bear mute witness to the valor of American soldiery.

Many of them are mere tatters. Not one but is shot through many times. Only a few have proper staffs, and these are old, broken, patched, bullet-marked. Most of the emblems are attached to common hickory poles cut in the woods by the soldiers. A number of these hickory sticks were ornamented by the jack-knives of the confederates. None of the friends of President McKinley knows anything about the project to secure authority of congress for the return of these flags. The movement is wholly in the hands of the veterans of the G. A. R., and their organization will have full charge of the ceremonies in case the plan is worked out successfully. If congress gives its assent to the proposal Chicago will witness one of the most notable historic ceremonies that ever took place on American soil.

## BIG UTAH POSSE AFTER MURDERERS

Cattle Rustlers and Outlaws Kill Sheriff and His Deputy at Thompsons.

Thompsons, Utah, May 28.—Two men were shot and killed by outlaws on Hill creek forty miles north from here Saturday. The dead men were Sheriff Tyler of Grand county, and his deputy, Sam Jenkins.

The gang who killed the officers are known as the "Dilley" band of outlaws and three posses had been hunting for them, the officers having been apprised that they were in the eastern part of the county engaged in cattle rustling.

Information received today is that a party left Salt Lake last night and will arrive here today. They will be joined at Price by another posse and the hunt for the murderers will begin.

## TO SETTLE STRIKES BY ARBITRATION

Head of Milwaukee Building Trades Council in Chicago With a New Plan.

Chicago, May 28.—John F. Harvey of Milwaukee, third vice president of the National Building Trades council, came to Chicago yesterday to urge a plan for the speedy settlement of the labor troubles.

The plan provides for the establishment of a permanent arbitration committee for each trade affiliated with the Building Trades council, the committee to consist of equal numbers of laboring men and contractors, with provision for ultimate reference, if necessary, to a final arbitration committee of eleven, five contractors, five laborers, and one outsider. This is held to involve virtually the abolishment of the sympathetic strike, inasmuch as it provides for settling all difficulties without resort to strike or lockout.

Mrs. Ida Greene and children are home from a visit in Vincennes, Ind.

## BABCOCK ON CAMPAIGN

Congressional Contest to Be Close—Fairbanks' Good Show for Vice-Presidential Nomination.

New York, May 28.—Representative Joseph W. Babcock, of the Third district of Wisconsin, chairman of the Republican Congressional campaign committee, said last night that in his opinion the contest for the control of the

next house of representatives would be close.

He said that while the reports he had received from various parts of the country indicated the reelection of President McKinley, the loss of a few districts would give the democrats a majority in the house.

Mr. Babcock also expressed the opinion that Senator Charles Warren Fairbanks of Indiana had the best chance at present of any of the candidates for the vice-presidential nomination.

## NEELEY CASE IS ADJOURNED

Court is Awaiting Governor Roosevelt's Extradition Decision

New York, May 28.—[Special Telegram]—The preliminary hearing in the criminal charge against Chas. Neeley this morning was adjourned by consent of counsel on both sides till June 5th, pending Gov. Roosevelt's extradition decision.

## REFUSE TO CENSURE THE PRESIDENT

Methodist Conference Repeats the Report of the Committee on Temperance

Chicago, May 28.—[Special Telegram]—The Methodist conference settled two important questions today. They refused to change the discipline relating to amusements and declined to censure McKinley for his action relative to the anti canteen law. The report of the committee on temperance contained an attack on the president and the attorney general practically accusing them of responsibility for the defeat of the measure. After a hot debate the minority report, containing only well known prohibition principles was adopted.

## IRISH INVINCIBLES BARRED AT GOTHAM

Immigration Board Forbids Them Landing in This Country—Will Take an Appeal.

New York, May 28.—The special board of inquiry at the immigration station has forbidden the landing of James Fitzharris, alias "Skin the Goat," and Joseph Mullett, and orders that they be deported.

These men belong to the Irish Invincibles. They were recently released from prison in Ireland, where they have served sentences for complicity in the Phoenix Park murders of 1882. The law explicitly states that the United States will not admit anyone who has been adjudged guilty of a "felony, infamous crime or misdemeanor involving moral turpitude," and the board rules that Fitzharris and Mullet come under this paragraph.

The decree comes as a distinct surprise to the two men, and it is announced this morning by their friends that they will probably appeal from the board of inquiry to the authorities at Washington. If this course is not pursued the former convicts will be taken back to Ireland next Saturday on the Lucania.

## GROWTH IN EXPORTS RECORD FOR APRIL

Over 40,000,000 Worth of Goods Sent Abroad—Shipments to Nearly All European Countries.

Washington, May 28.—An exportation of \$40,000,000 worth of goods in thirty days is a record unparalleled for American manufactures. That is the record for the month of April 1900. The details of the April exportations, just completed by the treasury bureau of statistics show that the exportation of manufactures during that month were by far the greatest of any month within the country's history and within a fraction of \$40,000,000.

This gives assurance that the exports of the fiscal year which ends with June will considerably exceed \$40,000,000 and be nearly three times as much as a decade ago.

This phenomenal increase in exportation of manufactures is especially striking when compared with the progress made by European nations, America's rivals in the attempt to supply the world's market with manufactured goods. Great Britain's exports of manufactures show but slight increase since 1890 and an examination of the export record of the principal European countries fails to disclose an instance in which the increase has been as much as 25 per cent, while that of the United States meanwhile has been more than 150 per cent.

Many Filipinos Surrender

Washington, May 28.—[Special Telegram]—Gen. MacArthur cables that three officers and fifty six men surrendered at Cuyaho yesterday and three officers and fifty-six men at Tarlac.

Rundel Occupies Senekel

Senekel, May 28.—[Special Cablegram]—Gen. Rundel occupied this place yesterday losing eleven men. The Boers lost a field cornet and an unknown number of men.

One of the big events of Decoration day will be the Federated Trades Council dance in the evening.

## DID FRENCH TAKE JOHANNESBURG?

Rumor to that Effect Is Current in Cape Town Today.

## BOERS AGAIN ACTIVE

Recover From Their Panic and Return In Strong Force To Laings Nek.

## PASSES ARE BEING OCCUPIED

Cape Town, May 28.—[Special Cablegram]—An untraceable rumor here says that Gen. French has occupied Johannesburg.

New Castle, Natal, May 28.—[Special Cablegram]—The Boers have recovered from their panic and are returning in strong force to Laing's Nek. Fresh Pretoria commandos are joining Botha. The Boers possess both Moeller's and Botha's passes. The British have blocked Van Rensselaer's pass.

Boers Talking of Peace.

London, May 28.—President Kruger, according to a special dispatch from Newcastle, issued a proclamation asking the Transvaal burghers to notify him whether they desire to continue the fight or not.

The passage of the Vaal is conceded at Pretoria and there are vague reports probably premature, that President Kruger has proclaimed a referendum by which the Boers may decide whether the war shall continue or peace be made. There are similar rumors from Winburg respecting DeWet's intention to propose terms of surrender.

Little importance is attached to these stories by the London press which insists upon having peace on unconditional terms without convention of any kind.

Rundel Sweeps Eastern Section.

General Rundel is slowly sweeping the eastern section of the Free State. Occasionally his squadrons come across parties of Boers, two or three in number and usually on foot, who are wearily going to their farms. Some of them carry saddles on their backs. Wholesale surrenders are expected, but thus far they have not occurred in that region. Small commandos are described by the correspondents as hurrying to and fro and finding every road barred.

## BAPTISTS MISSIONS FAVOR EXPANSION

Delegates to Missionary Convention at Detroit Upheld Country's Insular Policy.

Detroit, Mich., May 28.—Expansion sentiment was rife at the missionary mass meeting held last night as one of the features of the American Baptist missionary anniversary. Dr. Wayland Hoyt of Philadelphia began his address on the subject of "Denominational Expansion in Relation to the Work of the Baptist Publication Society," by quoting from a speech delivered by Senator Hoar at a children's day celebration in Massachusetts five years ago, at which time the anti imperialist statesman is reported to have said that the tree of liberty and self government set out by the fathers of the republic, having spread across the continent, its roots would "in good time, thrust themselves beneath the waves and spread to the isles of the sea."

"This prediction," said Dr. Hoyt, "came true more quickly than the distinguished senator anticipated, and evidently more quickly than he desired." Dr. Hoyt argued for expansion in missionary effort, keeping pace at least with the progress of the American flag. Madison C. Peters, D. D., of New York, also argued strongly for political and religious expansion in his address concerning expansion of the work of the Baptist Home Mission society. He asserted that the Baptists would stand by and follow the American flag in confidence that it would never retreat.

## COURT DECIDES AGAINST DEWEY

His Contention Regarding an Increased Bounty Not Upheld by Supreme Court.

Washington, May 28.—[Special Telegram]—The Supreme court has decided the bounty claim of Admiral Dewey. It held that the statutes must be construed strictly and that excluding shore batteries and submarine mines, his force was not opposed by superior force. The bounty allowed is therefore only one hundred dollars per man.

PARTIAL ECLIPSE FOR JANESVILLE

PHENOMENON VISIBLE HERE FROM 6:35 TO 8:59 A. M.

Many Citizens Out With Smoked Glasses—Interest In the Corona Where the Eclipse Was Total in the South—Astronomers Were Very Much Interested.

The people of the United States saw as through a glass darkly today. This, the 28th day of May, was the day that has been awaited so long, and is fraught with so much meaning to scientists that it will be memorable in astronomical annals. It was the day of the eclipse of the sun. The eclipse was total in a certain favored district in the South, and in other parts of the country was partial, depending on the distance from the central line of the path of totality.

The Eclipse in Janesville. In Janesville the partial eclipse began at 6:35 a. m., and lasted until 8:35 a. m., the total period during which the sun's face was more or less obscured was two hours and twenty-four minutes. The moment of greatest obscuration was 7:47 a. m. At that time only one-fifth of the sun's face was visible. Smoked glasses were in demand this morning and many Janesville citizens turned their eyes upward.

Interest Centered in Black Belt Outside the belt of total obscuration the observation of the eclipse had no scientific value. Inside of this fifty-five miles strip of country, where for a long minute and a half the moon entirely blotted out the face of the sun, scientists expect to gain facts that will greatly add to the world's stock of knowledge.

It is expected that more will be learned from this than from any previous eclipse, because scientists today have better equipments and facilities than they ever had before, both for observing and registering the various attendant phenomena. The store of accumulated knowledge is greater, the season was favorable, and the territory over which the patch of total obscuration extends was easily and quickly reached from all parts of the country.

An Important Moment.

The time the astronomers in the black belt waited for was that minute and a half when the disc of the moon was squarely over the sun and when every vestige of the sun's surface was blotted out. Then around the dark rim of the moon was seen the wonderful phenomena known as the sun's corona, the flaming streaks and fiery protuberances of which never so much as the smallest bit of the sun's surface gleams forth and by its dazzling brilliancy conceals every evidence of the corona just as an electric light conceals the flame of a tallow candle.

Great Interest in the Corona.

As soon as the moon blotted out the sun and the corona was seen came that second for which astronomers have been waiting for eleven years, and which they will have to look back upon through eighteen years before seeing the sun's corona again. At the moment when the corona became visible this morning the scientists and astronomers with huge photographic telescopes and spectroscopes took down all the records possible in the limited time. They will endeavor afterward to find from these records the nature of the corona, the relations of the sun spots to magnetic phenomena on the earth and the meaning of the shadow bands and other things which for years have been perplexing problems.

Review of Reviews for June

The American Monthly Review of Reviews for June is a well-illustrated number. The important new topics of the month are editorially treated in "The Progress of the world," the leading department. A character sketch of James J. Hill, a "Builder of the Northwest," is contributed by Mrs. Mary Harriman Severance, who outlines the remarkable career of the president of the Great Northern Railroad. Dr. Albert Shaw, the editor, writes from full knowledge on "Paris and the Exposition of 1900." Mr. Jacob A. Riis, author of "How the Other Half Lives," forecasts the work of the New York Tenement-House Commission recently appointed by Governor Roosevelt. Mr. Cleveland Moffett describes the operation of the refunding law passed by congress last March. There are also illustrated articles on summer camps for boys, the Passion Play at Oberammergau and new fiction for summer reading.

For carriages and harness we can save you money. F. A. Taylor & Co.

Colds ON THE Chest

are dangerous; they weaken the constitution, inflame the lungs, and often lead to Pneumonia. Cough syrups are useless. The system must be given strength and force to throw off the disease.

Scott's Emulsion

will do this. It strengthens the lungs and builds up the entire system. It conquers the inflammation, cures the cough, and prevents serious trouble.

See and hear of all druggists. SCOTT & BOWNE, Chemists, New York.

BELOIT TEAM FAVORITE.

Many Believe That They Will Defeat the Wisconsin Boys.

In base ball circles the general opinion is that the Beloit College team should win the Decoration day game from the University of Wisconsin boys. The game is to be played in this city. Beloit has of late been playing better ball. Saturday at Beloit they defeated the college champions in an ideal game by a score of 2 to 1 and it took eleven exciting innings to decide the royal battle.

ENTERTAINED HER CLASS

Miss Lewis Gave a Party to Fifteen Small Misses

Saturday afternoon Miss Mary A. Lewis entertained members of her class in the Presbyterian church Sunday school. The happy event took place at her home, 184 North Jackson street. Fifteen small misses each brought their doll. The hours were from three to seven. Dainty refreshments were in order and the afternoon proved a most enjoyable one.

Gold in the Mojave Desert.

Randsburg, Cal., May 28.—There is much excitement in the Mojave desert, about forty-five miles southeast of here and fifteen miles north of Barstow, over the discovery of rich placer mines. Many miners have gone from here and made locations. Nearly 4,000 miners' claims have been taken up, mostly in quarter-sections, eight men joining together. Some of the ground is rich enough to yield 25 cents to three shovelfuls of dirt. Bedrock is close to the surface. There are 200 men there now. The nearest water is eight miles away.

Drinking Contest in College.

New York, May 28.—Temperance people are greatly agitated over a "handicap beer-drinking contest" announced in the program of the Columbia college seniors' class day. The comic athletic games, it is announced, will conclude with a beer-drinking contest, in which the class champion must be scratch man and consume a certain number of glasses before the handicapped ones start. Mrs. Ella L. Boole, president of the state W. C. T. U., has written a scorching letter to President Seth Low of the college on the subject.

Boy Shoots and Kills Brother.

Flora, Ind., May 28.—Mills Sellers, the 8-year-old son of Thomas Sellers, living near Sedalia, was accidentally shot by his brother Homer, 13 years old, and died in thirty minutes. The two boys had found an old revolver which they supposed was not loaded and had gone into the yard to play. In some manner the weapon was discharged, the ball entering the younger boy's head near the left ear and passing through. He was dead before medical aid could reach him.

Returned From Oshkosh.

Mrs. Henrietta Poorman, president of the local W. C. T. U. organization has returned from the state convention which convened last week at Oshkosh. The state convention took up another branch of work. It is the intention of the W. C. T. U. to give considerable attention to railroad work and Mrs. Poorman was appointed state superintendent of this branch. Mrs. K. V. Stevens of this city, was re-elected state superintendent of Sunday Schools.

WHEELER BROKE VAULTING RECORD

JANESVILLE BOY CLEARED TEN FEET TEN INCHES.

Was More Than a Surprise For the Chicago Boys—Good News For His Many Janesville Friends—Local High School Athletes Found Company Too Swift At Madison.

In the person of Allie Wheeler the Bower City had a representative at the great Chicago-Wisconsin athletic meet at Madison Saturday that she may well feel proud of. Wheeler not only won first honors in the pole vault but he broke the state record by clearing ten feet and ten inches.

Wheeler has the making of a great athlete. He won the pole vault by clearing 10 feet and 10 inches and his work was simply another illustration of the possession of that quality which characterizes winners. It was a better jump than he had ever made, but he was determined not to be beaten and summoned all his energy for the competition in the state. He is a freshman and a corner.

Members of the Janesville High school who competed in the inter-scholastic meet at Madison on Saturday failed to make a good showing. They received twelfth place and were awarded six points. In the 880 yard run Harry Atwood of this city received second honors, Ross Bump in the third trial heat of the 100 yard dash secured second place, but was not able to qualify in the final heat.

A good sized delegation from this city were in attendance. The representatives from the Evansville High school showed up well, securing second place with the West Side Milwaukee High school first. Chicago won the dual meet honors from the Wisconsin variety.

On Every Bottle

Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to our druggist and he may refund price they paid." Price 25 cts., 50 cts. and \$1.00. Sold by J. P. Baker

Outing for June.

Leafy June is high carnival for Outing's readers and color strikes the keynote of its issue. It comes in its new and three color cover by Maxfield Parrish, and its opening article on "The Country Cart of Today" by Caspar Whitney, has nine illustrations in four colors by Edward Penfield. It is the season when the road calls with more than siren power and "Early Road Driving and its Patrons" is a welcome reminder of other June and other men. June too, claims Polo for its own and the "Educating of a Polo Pony" comes from the pen of Owen Wister tinged with semi-comic persiflage of this gifted writer. June too, is when "How to Lay Out and Care for a Golf Course" is reasonable and "The Why and Wherefore of the Rules of Golf" will be understood as explained by C. B. MacDonald, a member of the N. G. A. rules committee. Anglers will find in "A Bit About Bass," a wealth of practical knowledge, and "The Evolution of the Trout and Artificial Fly," explains many a trouting mystery, whilst "The Water Wolf" is a reminiscence of the Muscalonge in June. "On the Big Sea Water" tells of a cruise in Georgian Bay, the most picturesque of American yachting waters. "In Woodland Byways" is a delightful morning's walk through the Chautauquan woods, beautifully embellished by J. Oliver Nugent. "The Road and Its Reward" is a dainty bicycling idyl. More adventurous spirits will follow the fortunes of "Twenty-four Hours in the Ropes," and ascent of Matterhorn, and an absorbing "Jungle Duel," a tiger fight to the death. Still others, with equal pleasure, will read of "The Singing Gibbon," a vocal ape of the Philippines, and George Wharton James' powerful description of "The Hopi Snake Dance," a mystic ceremony of a strange people on the mesas of Arizona.

If the Baby Is Cutting Teeth

Be sure and see the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, cures the colic, cures the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Sales of Seed Leaf Tobacco

Sales of Seed Leaf tobacco reported by J. S. Gans' Son, broker, No. 128 Water street, New York, for the week ending May 28, 1900.  
1000 cases, crop of 1898, Onondago, pt.  
100 cases, crop of 1899, New England Havana Seed, forced sweet, at 20 to 30 cents.  
20 cases crop of 1898, Zimmers, at 12 to 14 cents.  
250 cases, crop of 1898, Wisconsin Havana Seed, at 11 to 14 cents.  
200 cases, crop of 1897, Pennsylvania Havana at 11 to 12 cents.  
Total, 1,300 cases.

REV. DR. EATON IS DELAYED

Will Not be Able to Lecture Here Thursday Night.

J. W. Bates of Beloit, notified The Gazette this morning that owing to a delay in the departure of the astronomical expedition from Norfolk, Va., Dr. E. L. Eaton will not be able to lecture on temperance in Janesville, as has been announced, on Thursday night. The Beloit lecture scheduled for Wednesday night will take place Thursday night. It is hoped that when Dr. Eaton reaches Beloit a date can be fixed upon for a lecture in Janesville. The former Bower City pastor is one of the most interesting and eloquent lecturers in this country and he would no doubt draw a big crowd here.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

The following figures show the range of prices in the local market. Corrected by P. H. Bump.

35c, 35c, not 25c, not 50c, 35c, the price of Rocky Mountain Tea the world over. None genuine, unless made by the Madison Medicine Co. Smith's Pharmacy, Kodak agents.

Fire Ruins Business Blocks.

Apalachicola, Fla., May 28.—Fire which broke out here destroyed six blocks of business houses and many private residences. The fire originated in the residence of Mrs. Broughton. It leaped over to the Methodist church, which was destroyed, and from there spread over the business portion of the town. In less than three hours six blocks were consumed. The loss is \$500,000.

T. B. Blackstone Is Dead.

Chicago, May 28.—Leaving a record of years of faithful work in the railway world, Timothy B. Blackstone, former president of the Chicago and Alton system, passed away at his home, 252 Michigan avenue. He was 71 years old. He was one of the oldest of railroad chief executives in America.

Lightning Kills a Girl.

Chicago, May 28.—While returning to their residences with candy they had bought, Lucy Holden, 13 years old, was instantly killed and her sister, Irene, 10 years old, was burned about the right side and shoulders. She fell unconscious beside her dead sister.

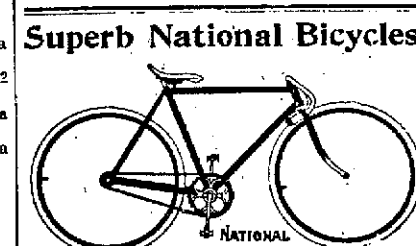

One Dose

Tells the story. When your head aches, and you feel bilious, constipated, and out of tune, with your stomach sour and no appetite, just buy a package of

Hood's Pills

And take a dose, from 1 to 4 pills. You will be surprised at how easily they will do their work, cure your headache and biliousness, rouse the liver and make you feel happy again. 25 cents. Sold by all medicine dealers.

## CAUSATION OF MALARIA

Final Solution of the Problem  
Daily Drawing Nearer.

## BEWARE THE GENUS ANOPHELES!

Theories That Mosquitoes Cause the Disease Practically Established.  
Experiments That Are Being Made to Decide the Question Beyond Doubt—Some Useful Instructions.

Malaria in its several forms constitutes perhaps the greatest obstacle to a successful colonization of the tropics. The malarial fevers are by far the most deadly of the tropical maladies in both white man and native. Large parts of India are devastated and rendered valueless by this scourge, and immense tracts of land in Africa and South America cannot be inhabited by the white race without almost inevitable fatal results. The problem of the causation of malaria, which has been the despair of scientists for generations, would appear to be daily drawing nearer and nearer to its final solution, says The Medical Record. The large majority of scientific men throughout the world have virtually accepted as decisive the theory that it is mainly if not wholly by the agency of the genus anopheles, or the mosquito family, that malarial fevers originate and are spread. In fact, by many this is no longer looked upon as a theory, but as a doctrine.

A number of investigators have had a share in the discovery that the mosquito plays an important part in causing and disseminating malaria, but to Manson and Ross is generally conceded the honor of bringing the matter to its present advanced stage. Although Americans have not specially distinguished themselves in these investigations, it should not be forgotten, as was pointed out in the London Lancet, Feb. 11, 1890, that A. F. A. King, at the meeting of the Philosophical society of Washington, held on Feb. 10, 1883, read a paper entitled "The Prevention of Malarial Fevers," in which he suggested the likelihood of marsh fevers being produced by the bites of proboscidian insects, notably in this and some other countries by mosquito bites. This, we believe, was the first occasion upon which the theory was publicly mooted.

Great activity is now being displayed in Europe with the object of deciding the question beyond doubt. For years the Italian investigators have been performing splendid service in the endeavor to probe the malaria mystery, and probably their researches have done more toward its elucidation so far than has the work of any other school. Since the establishment of the two schools of tropical medicine in Great Britain a vivid and practical interest has been taken in that country in the diseases of the tropics in general and of malaria in particular. The British government, in conjunction with the Royal society, first dispatched a scientific commission to the west coast of Africa for the purpose of attempting to find the malaria bearing mosquito and to locate its breeding places. Shortly after this the Liverpool School of Tropical Medicine equipped and sent out at its own expense an expedition under the leadership of Major Ross to the east coast with a similar end in view. Major Ross and his coadjutors succeeded in discovering the mosquito (Anopheles claviger) and in a few instances in determining the situation of its breeding places. The London School of Tropical Medicine, authorized by the British colonial office, has just sent two of its members, Drs. Sambon and Lowe, to the Roman Campagna, there to conduct certain experiments which, if terminating favorably, should convince the most skeptical that the mosquito is the dominating factor in the causation of malaria. It may be said that experiments of a like nature have already been prosecuted by the Italians Colla and Grassi with most satisfactory results.

If, then, it be taken as proved that malaria is caused by mosquitoes—and the evidence in support of this contention is so strong as to appear almost unassailable—and when it is further considered that the malarial is conveyed by but one species of mosquito it follows as a natural sequence that by a wholesale destruction of the sinning insect the ravages of malaria will be curtailed and perhaps in time altogether ended.

The Liverpool School of Tropical Medicine has recently published a book entitled "Instructions For the Prevention of Malarial Fever, For the Use of Residents in Malarious Places," which concludes as follows: "All speculations about air, about soil, about malaria belts and the like have been rendered obsolete. There is no reason to believe that the parasite of malaria finds access to the human body through any other channel than by means of the anopheline mosquito or that 'gnats' or 'mosquitoes' which infest regions free from malaria are examples of anophelines. If this particular insect could be exterminated, there is every justification for the hope that malarious fevers would disappear from the earth, and fortunately the extermination does not seem likely to present any insurmountable difficulty. The eggs are laid in water, and the larvae when hatched live in water for about a week before they assume the mosquito form. As larvae, like those of the common gnat, they rise to the surface to breathe, and a film of oil on the surface is speedily fatal to them by blocking up their air spiracles. Much may be done by drying up pools in the vicinity of houses or by treating them once a week with a film of kerosene oil."

## GETS FUNDS FOR UNIVERSITY

Archbishop Keane Successful in Raising Money for Catholic School.

Washington, D. C., May 28.—Archbishop Keane of the Catholic university here, who was commissioned by Pope Leo XIII. to visit the various sees of this country, and make personal appeals in its behalf, has been quite successful up to date in the matter of raising the required million dollars with which to endow chairs at the institution and facilitate its work. He has just finished a tour through the sees of St. Louis, Kansas City, Chicago and Milwaukee, from which about one-fifth of the sum needed has been realized. At Chicago, he says that a public spirited Catholic, who is a member of the university board of trustees, gave him \$50,000 conditionally, which will enable the directors of the institution to found a number of new scholarships at the next session. Archbishop Keane speaks hopefully of the university. The archbishop expects to continue his tour through other sections of the west and gradually cover all the bishoprics which he has not already visited.

## REFUSES TO BE AN EXHIBIT.

Woman Who Saved a Train Will Not Visit Paris as a Freak.

Marion, Ind., May 28.—Miss Jennie Creek, the heroine of Mill Grove, who saved the Chicago and New York Limited on the Pennsylvania railroad during the world's fair and saved 200 passengers from being dashed to death through a burning bridge, and was made a member of the Legion of Honor of France for her heroism, has refused to accept the offer to go to the exposition at Paris as a guest of honor on the scheme being worked by a man in this city. A sixteen page souvenir, containing a reproduction of her photograph at the age of 10 and 18, a facsimile of a medal presented to her by the French government and membership to the Legion of Honor, was being printed and was to be sold at \$1 a copy to the public. Miss Creek says she will go as a guest of the Pennsylvania railroad and the Legion of Honor or in some other dignified way, but not as a subject of charity of the public or a freak.

## CAPT. PAGE M'CARTHY IS DEAD

Famous Duellist Who Killed Mordecai in 1873 Passes Away.

Richmond, Va., May 28.—Capt. Page McCarty, one of the principals in the famous McCarty-Mordecai duel, is dead, the result of a long illness. The duel, which took place here in the spring of 1873, was one of the most celebrated since the civil war. McCarty and John B. Mordecai were both young men of good position. They had a personal encounter over a poem about a young woman written by McCarty, at which Mordecai had taken offense. After an unsuccessful attempt to settle the matter by the friends of the two principals the duel was fought. The weapons were revolvers and the distance ten paces. Four shots were fired, after the last of which both McCarty and Mordecai fell. McCarty was dangerously wounded, while Mordecai was at once seen to be fatally hurt. He died within twenty-four hours, while McCarty recovered.

## Bridge Auctioned Off.

Leavenworth, Kan., May 28.—The Missouri and Kansas bridge, which spans the Missouri river two miles north of Leavenworth City and enters the town on the Fort Leavenworth reservation, was sold at auction by a master commissioner appointed by the United States district court. It was knocked down to Simon Stern for \$10,000, the upset price. There was but one bid. The bridge was built in 1876 at a cost of \$900,000. February last a suit to foreclose a mortgage for \$588,000, given in 1880, was filed by J. H. Shanklin, trustee for the bondholders, before United States Judge Hook in Leavenworth, and the court ordered the property sold, appointing W. W. Hooper master commissioner.

## Plague May Be "Yellow Jack."

Buenos Ayres, May 28.—A special correspondent in Rio Janeiro reports that Thursday there were thirteen cases of plague, of which ten were in Cotorello street. United States Minister Bryan has introduced Rear-Admiral Schley and the officers of his staff to President Campos-Salles of Brazil. Another correspondent in Montevideo says the Uruguayan consul in Rio Grande telegraphs that it is impossible to obtain particulars about the disease which is raging there. He is informed that there have been twenty-five cases during the last month. The disease is now decreasing. Physicians believe that it is yellow fever.

## Salary of Cuban Officials.

Washington, D. C., May 28.—The division of customs and insular affairs of the war department has just given out the statement that the average annual salary per man in the United States customs service is \$1,205, while the average annual salary per man in the customs service of Cuba is \$822, making a difference in the average annual salary in favor of the Cuban customs service of \$383 per man, as compared with that service in the United States. Of the total employees in the Cuban customs service only 7 per cent are Americans.

## Czar Witnesses a Launching.

Moscow, May 28.—The battleship Pobeda and the cruiser Aurora were successfully launched at St. Petersburg in the presence of the czar, who immediately afterward witnessed the laying down of two more warships, the Borodino and the Alexander III.

## A Brave Girl.

Jennie Creek of Mill Grove is one of the two American girls entitled to wear the famous five-pointed gold star of the French Legion of Honor, founded by Napoleon Bonaparte. She is only 18 years old, and the medal was awarded to her nearly seven years ago to commemorate a deed of exceptional bravery and presence of mind. In the afternoon of Sept. 10, 1893, she saved a World's Fair special train from plunging through a burning trestle. There were many prominent French officials on this train, and they secured for her the golden star and scarlet ribbon. Jennie Creek has accepted the invitation of the National Humane Society of France to be a guest of honor at the Paris exposition. —Pittsburg Dispatch.

## Wealthy Boer Spy.

A Boer spy, captured among the British coast guards at the signal station at Durban, was paid \$300 a message, and had made about \$30,000 when detected. He was court martialed, and condemned to death.

## An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale at Smith's Pharmacy, Kodak agents, opposite P. O.

## Special Train to Madison, Wis., Via the C. M. &amp; St. P. Ry.

For the Modern Woodmen's picnic to be held at Madison, Wis., June 5. The official train of Janesville's Camp of Modern Woodmen leaves Janesville via C. M. & St. P. at 8 a. m., arriving at Madison at 9 a. m. Returning, leave Madison 7 p. m., arriving Janesville at 8 p. m. \$1.20 for the round trip.

I consider it not only a pleasure, but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by Smith's Pharmacy, Kodak agents, opposite P. O.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store 50 cents.

## White Buffalo Appears Not.

Black River Falls, Wis., May 28.—White Buffalo failed to appear and meet Tom Thunder, claimant to the chieftainship of the Winnebago tribe. Thunder has accordingly proclaimed himself chief and will defend his title against all comers in the future. The tribe, since White Buffalo has shown the white feather, will stand by Thunder, for, by the terms of Indian honor, White Buffalo has forfeited all respect, and hereafter when he visits the tribe he will be denied a seat at the council and will be compelled to sit in the circle among the squaws.

The man who comes to his work in the morning with a headache, who suffers all day from dullness, drowsiness or nervousness, or who tosses restlessly through a sleepless night should seek the quieting, power-producing help of Dr. Miles' Nervine. "A few minutes' work would make me so nervous and exhausted that I trembled and could hardly stand alone; but after using Dr. Miles' Nervine for six weeks I could work full time and felt hearty and strong."

W. A. MATTHEW, Appleton, Wis. Dr. Miles' Nervine is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

## E. D. McGowan, Attorney.

STATE OF WISCONSIN—County Court for Rock County—In Probate. Notice is hereby given that at a special term of the County Court to be held in and for said county at the Court House, in the city of Janesville, in said county, on the third Tuesday, being the 10th day of June, 1900, at 9 o'clock a. m., the following matter will be heard and considered:

The application of Edmund W. Griswold for the appointment of an administrator of the estate of Eliza A. Griswold, late of the city of Janesville, in said county deceased. Dated May 21, 1900.

By the Court  
J. W. SALE,  
County Judge.

E. D. McGowan Atty for petitioner my31mon

NOTICE TO BUILD SIDEWALK—To the owner of S. 4 pole lot 1, block 2 in original plat addition to the City of Janesville, Rock County, Wisconsin.

You are hereby notified to build a standard sidewalk, as required by the ordinances of said city in front of your said lot, and upon Jackson street, forthwith, and that if you fail to complete the same within twenty days after the service upon you of this notice, the work will be done by the City, and the expense thereof charged to and levied upon such lot as a special tax.

Dated May 26, 1900.  
By order of the Common Council of the City of Janesville, Rock County, Wisconsin.  
N. FREDRICKSON,  
Street Commissioner.

NOTICE TO BUILD SIDEWALK—To the owner of lot 10, in Glen Elta addition to the City of Janesville, Rock County, Wisconsin.

You are hereby notified to build a standard sidewalk, as required by the ordinances of said city in front of your said lot, and upon Glen Elta street, forthwith, and that if you fail to complete the same within twenty days after the service upon you of this notice, the work will be done by the city, and the expense thereof charged to and levied upon such lot as a special tax.

Dated May 26, 1900.  
By order of the Common Council of the City of Janesville, Rock County, Wisconsin.  
FREDRICKSON,  
Street Commissioner.

## ECZEMA=SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease. While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

**THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.**

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

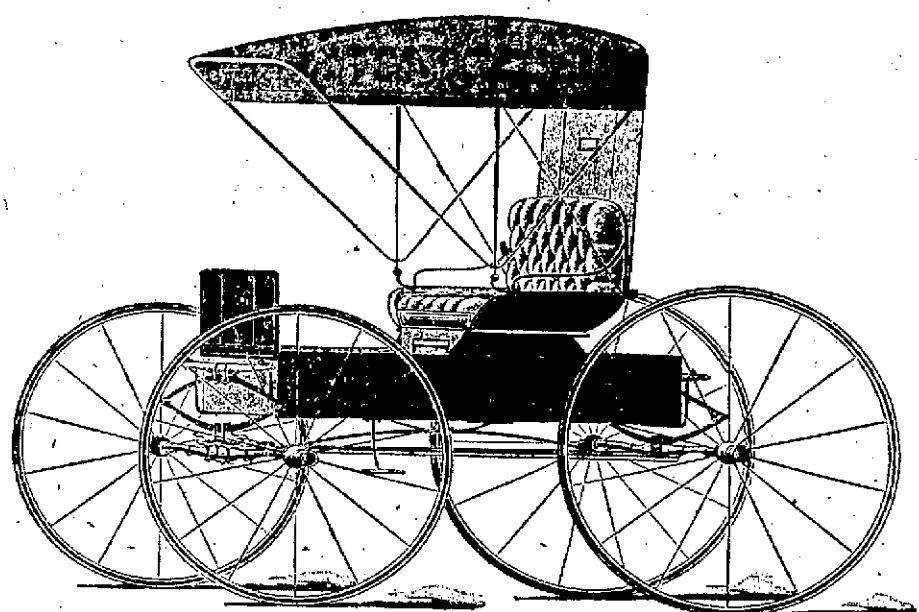

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Carlington, Ohio, says she was afflicted with Scrofulous sores and Eczema and hands were very sore. She was treated by all the doctors in town without being benefited, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely wishes she would have been in her grave years ago but for S. S. S., and adds, "what it has done for me I will do for others."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address: S. S. S. Co., Atlanta, Ga.

Partly cloudy tonight and Tuesday showers.

## THIS DAY IN HISTORY.

1650—George of England born, a comparatively obscure German princeling, son of an elector of Hanover, at Osnaburg; died near there 1727; king of England 1714.  
1807—Louis John Rudolph Agassiz, naturalist and geologist, born in Motier, Switzerland; died 1873. Agassiz passed his youth and early manhood studying the medical sciences at Zurich, Heidelberg and Munich. He graduated in 1830, and in 1847 he accepted the chair of zoology and geology at Harvard. In his special departments Agassiz became a leader of wonderful force in America.

1841—Josh Webster, American lexicographer, died in New Haven; born at West Hartford, Conn., 1785.

1896—Walter Quinton Gresham, secretary of state, died in Washington; born 1832.

1898—Madeline Vinton Dahlgren, well known writer, widow of Admiral John A. Dahlgren, died in Washington.

## HAY'S UNANSWERABLE STATEMENT.

Chicago Times-Herald—Sec'y Hay's reply to the petition of the Boer envoys and the President's firm stand should convince them and all the honest and sincere friends they have in this country of the futility of their mission in its main object and the correctness of the attitude of our government. This record of the administration as it relates to this matter begins with the President's last message to congress. Quoting from this message the secretary shows that it expresses the most earnest desire for the re-establishment of peace between the British and the Boers, and that it contains a plain intimation that the government was ready to use its good offices to that end and it should receive the proper encouragement from the two combatants.

Its services were not officially solicited by either of them, however, until March 10, when the American consul at Pretoria transmitted a request for intervention from the South African Republic. Immediately afterward the American offer of mediation was made in London and rejected. Had we pressed it we should have lost the character of a neutral by becoming an advocate, and this would have been both a violation of the general practice of nations and a departure from a special and fixed rule of our own. This rule in the language of the president's message is to avoid "entangling alliances as to affairs not of our direct concern."

Even as it was we went further than any other power and quite as far as The Hague arbitration agreement would admit. Friends of the Boers who have appealed to that agreement are answered most effectively by the secretary. He quotes one clause as follows:

The functions of the mediator are at an end when it is declared, either by one of the parties to the dispute or by the mediator himself, that the means of reconciliation proposed by him are accepted.

In the present case there was such a declaration both by the mediator, the United States, and by one of the disputants, Great Britain. Furthermore, if we had desired to keep out of the controversy entirely the agreement itself would have been our warrant. For it includes an express stipulation that it shall not be so construed "as to require the United States of America to depart from its traditional policy of not intruding upon, interfering with, or entangling itself with questions of policy or internal administration of any foreign state."

This closes a case which is so wholly one-sided that it is amazing that the Boer envoys themselves or any considerable number of our people should hope to change the policy of the government. As the agitation for intervention is now being conducted it has ceased to have an international character and has descended to the plane of cheap partisan politics. The envoys plead that it is their misfortune and not their fault, but it is none the less the fact that they are being made the instruments of a thoroughly insincere campaign dodge. That effusion of sympathy with which the Boer emissaries have been greeted by democratic politicians of the baser sort is part of the guerilla warfare of an irresponsible opposition. Democrats know that the government could not do differently from what it has done, and that they themselves could not do differently if they were in power. They know that the Transvaal war cannot possibly be "of our direct concern." The issue that they propose is, therefore, essentially fraudulent, a humbug upon the unfortunate Boers and upon the American public.

Another straw: There were nearly 7,000,000 more telegraph messages sent over United States wires in 1899 than in 1895.

In two years, under President McKinley, we imported \$141,703,309 more gold than we exported, while in two

years under President Cleveland we sent out \$151,199,092 more than we took in. Quite a change has been brought about, hasn't there?

There is no danger of a scarcity of gold. In 1895 the world's production of gold was \$17,000,000 less than the world's production of silver. In 1898 the production of gold was 73,700,000 greater.

You need never keep a cold over night if you learn the simple, harmless, timely use of "Orangeine."

## CHICAGO GRAIN MARKETS.

**Chicago Live Stock Market.**  
Hogs—Receipts, 40,000.  
7-10 minutes for tomorrow, 20,000.  
Market 5c to 10c lower.  
Cattle—Receipts, 15,000. Market lower.  
Sheep Receipts, 15,000. Market steady.

Wheat has been barely steady the range within 3 C, and the market of the session a small fraction under the Saturday's close. The north-west showed no rain but there was a prediction for showers for South Dakota and Minnesota tonight. Cables were off a trifle, Liverpool 1/2 D. lower, Paris off about as much. The Southwest News was somewhat bearish. Kansas promises to begin harvesting, June 10. A large decrease in world's visible tomorrow is expected. Clearance 300,000. Northwest and primary receipts were large. Corn sold off 1/2 on good weather and lower cables, large local receipts and on local scalping. It closed with this recovered.

Oats: Easy and dull, in a speculative way there is a fair shipping demand. Clearances 43,000, the visible increased 400,000 bushels.

Provisions have been about steady with packers doing enough buying of lard to about maintain prices. There were very large hog receipts 40,000, with prices at the yards 5 and 10 lower. Commission people sold: Liverpool was 6 D. lower all around.

## A MUSICAL THIS EVENING

Will be Given by Miss Hathorn and Her Pupils.

Miss Rose Hathorn's pupils will give a musical this evening. Miss Hathorn and pupils will be ably assisted by Miss Cora Anderson of this city. Following are those who will take part in the program: Ida Stoddard, Mary Gage, Belle Davis, Ethel Walker, Ethel Hinde, Edna Shoemaker, Bertha Scofield, Francis Ingle, Floy Scofield, May Huntress, Genevieve Schnell, Nettie Holt, Gertrude Buchholz, Harold and Oscar Yahn, Warren Porter, Paul Porter.

## NEWS OF A PERSONAL NATURE

Mrs. FRANK SLAWSON is home from a visit in Elgin.

Miss BELLE CARPENTER of Chicago spent Sunday in the city.

Mrs. W. T. VAN KIRK is the guest of her daughter in Chicago.

Mrs. F. E. PARSONS left this morning for her home in Toledo.

Geo. D. SIMPSON is in Chicago today on business for Archie Reid & Co.

## Death of James Madigan.

Beloit, Wis., May 28—[Special]—James Madigan died yesterday morning at his home on Broad street. His death was due to old age, as he was nearly ninety years of age. He leaves a son and one daughter. He had been a resident of Beloit for a number of years. The funeral will be held from St. Thomas' church tomorrow morning.

## Mrs. W. T. Hall Dead.

Beloit, Wis., May 28—[Special]—Mrs. W. T. Hall, an old resident of this city died Saturday at her home on Bushnell street. She has been an invalid for quite a while. She is seventy-one years of age. She leaves besides a husband one daughter.

## Cable Statistics.

"The cost of constructing a cable system is about \$2,000 per mile, and the total amount invested in submarine lines at present is upward of \$200,000,000. The value of the land lines is, of course, much greater in the aggregate. The largest company in America has alone a capital of \$125,000,000, pays out yearly between \$8,000,000 and \$10,000,000 salaries, and last year carried over 60,000,000 messages. These figures are inadequate, but they serve to show that telegraphs form one of the world's great business interests.—Ainslee's Magazine.

Stevens & Bates, Grocers.

# TO HONOR HEROES OF THE CIVIL WAR

Observance of Memorial  
Day by the G. A. R.  
of Janesville.

## EVENTS OF THE DAY

Parade to the Cemetery and  
An Elaborate Decoration  
of the Graves.

## PUBLIC SCHOOL EXERCISES

Memorial day exercises this year will be most complete. The parade and program will be as perfect as any held in Janesville in years. Local patriotic organizations have completed all necessary arrangements to give the day all the respect and reverence for which it has been set apart.

At the Court House park the parade will start in the afternoon at 1:30 o'clock. Manager P. L. Myers has made arrangements with H. Henry, the minstrel man, to have his band lead the procession. On reaching the cemetery the usual program will be followed with the decoration of the graves. Soldiers who died in the late war will have their graves looked after.

In the Janesville schools special Memorial day exercises will be held tomorrow. The program will consist of singing and literary numbers.

Line-Up of the Parade  
The line-up of the parade from the park to the cemetery will be as follows:

City Police.  
Janesville Fire Police.  
Marshall C. D. Child and Aides.  
Janesville Fire Department.

Decorators and Guides.

The children who will serve as decorators have been chosen, as well as the superintendents and guides, as follows:

FIRST DIVISION.  
Superintendent—Miss Ella Wills.  
Guide—W. W. Wills.  
Assistants—W. V. Morrison and D. Conger.  
Decorators—Irene Dopp, Lulu McDonald, Ella Hollis, Ione Dopp.

SECOND DIVISION.  
Superintendent—Mrs. Elizabeth McDonald.  
Guide—W. G. Palmer.  
Assistants—B. M. Becklin and Jerome Howard.  
Decorators—Beth McDonald, Sadie Granger, Lucy Granger, Luella Scott.

THIRD DIVISION.  
Superintendent—Mrs. Nellie Blakely.  
Guide—C. E. Bowles.  
Assistants—H. B. Sutton and F. Hall.  
Decorators—Louise Myhr, Elsie Weaver, Maude Sherman, Ethel Jenkins.

FOURTH DIVISION.  
Superintendent—Mrs. Barbara Wells.  
Guide—J. G. Wray.  
Assistants—R. P. Young and M. H. Gibbs.  
Decorators—Hazel Palmer, Gertrude Kelle, Harry Stone, May Stone.

FIFTH DIVISION.  
Superintendent—Mrs. Elizabeth Hill.  
Guide—George Phelps.  
Assistants—George Viney and A. A. Hadley.  
Decorators—Frank Carney, Oscar Wells, Freddie Granger, Warren McDonald.

SIXTH DIVISION.  
Superintendent—Mrs. Maggie Baker.  
Guide—John Lawler.  
Assistants—R. A. Carroll and Lewis Trambie.  
Decorators—Ethel Rudolph, Nellie Murphy, Genevieve Carney, Bertha Shumaker.

SPANISH-AMERICAN DIVISION.  
Superintendent—Mrs. J. G. Wray.  
Assistants—Mrs. Mary Wills, Mrs. Ellen Nichols.

Memorial Day Program  
The following program has been prepared embracing the exercises of Memorial Day on the cemetery grounds:

W. J. McIntyre, President of the Day.  
1. Music.....The Star Spangled Banner.  
2. Song.....The Star Spangled Banner.

THREE good second-hand buggies for sale cheap. F. A. Taylor & Co.

J. M. BOSTWICK & SONS tell about a great purchase of waists and petticoats from the Isabel Manufacturing Co. on page 2.

WHITE kid slippers. Just the thing for graduating purposes, \$1.00 and \$1.25 a pair. All sizes and widths. Amos Rehberg & Co.

DON'T forget about our warranted patent leather shoes for men. They cost you \$5.00 and a new pair for every pair that cracks. Amos Rehberg & Co.

EACH week through the summer we shall receive the very latest styles in shirt waists and can assure purchasers of the finest line for selection on the market. Read our large ad. Bort, Bailey & Co.

THE Lion Coffee salesman has recently been handing copies of their premium list around at the houses. See their display of premiums in W. T. Sherer's drug store.

THE Ladies' Auxiliary of the Y. M. C. A. will serve ice cream and cake at the association rooms on Wednesday, Memorial Day, commencing at 5 o'clock p. m., and will continue during the evening. Give them a liberal patronage.

ON Friday evening, June 1, the Presbyterian church will give a lawn social at the home of C. C. MacLean, No. 1, Milton avenue. The Y. M. C. A. band will furnish music. Ice cream and cake will be served at a charge of 15 cents.

WEDNESDAY evening at the Mississippi Golf club house there will be a dancing party given in honor of visiting college boys. The orchestra from the State School for the Blind will play and all members of the club are most welcome.

THERE will be a special meeting of Crystal Camp No. 132 R. W. of A., down stairs, at West Side I. O. O. F. hall, Monday evening, May 28. Let every member be present, as business of importance is to come before the meeting.

## RAILROAD COMPANY LAY OUT STATION

ON GARDNER FARM IN THE  
TOWN OF BRADFORD.

Will Soon Erect Depot There As Well  
As Side Tracks—Farmers Are  
Pleased In That Portion of the County—Commissioners On the Proctor Farm.

Ten miles from this city on the Edward Gardner farm in the town of Bradford the Janesville & South Eastern railroad will have a station. The company has purchased of Mr. Gardner seven acres of land to be used for a station and freight yards and other purposes.

It is said that another station will soon be established about two miles from the Janesville city limits. As yet no definite arrangements have been made in reference to the establishment of this station.

Mr. Gardner was in the city today and stated that he had already had offers for lots near the new station from parties who will soon erect a general store, creamery and blacksmith shop. The new station has not as yet been named. The company gave Mr. Gardner eighty dollars an acre for the seven acres. They also paid him \$2,800 for the right of way through his farm.

At the G. A. Proctor farm at the edge of the city limits the land commissioners met today for the purpose of appraising the amount of damages due Mr. Proctor from the company.

## SUNDAY SERVICE IN RAILROAD CAMP

Y. M. C. A. WORKERS FROM HERE  
OFFICIATED.

Service Was Well Attended and Was  
Held Under the Trees—Speaking  
and Music Made the Time  
Profitable—Hold Meetings Every  
Sunday.

Secretary J. C. Kline and seven members of the local Young Men's Christian Association drove two miles south east of this city yesterday in the town of La Prairie and held services in a railroad camp. The camp is located on the Alex. McLellan farm and is operated by the Janesville & South Eastern railroad company.

On their arrival the little band of christian workers from this city were given a most cordial welcome. About twenty of the workmen attended the meeting. Forty of the men were absent not being aware that a meeting was to be in order.

The service was conducted by Secretary Kline under the trees within but a short distance of the temporary horse sheds and tents. Secretary Kline was assisted by the following from this city: M. Erickson, W. I. Rothermel, William Rose, Arthur Clark, Prof. Arbutnot, Walter Clark and Herbert Eggleston.

By a unanimous vote the workmen returned thanks for the kindness extended and promised a better attendance next Sunday. The meetings will be held every Sunday this summer. The men were also cordially invited to visit the association building when in the city.

## REV. A. G. WILSON SPOKE TO CONVICTS

Local Unitarian Church Divine Had a  
Busy Sunday in Green Bay Yesterday—Exchanged Pulpits.

Rev. A. G. Wilson, pastor of the Unitarian church of this city, had a busy Sunday of it yesterday. He preached twice in Green Bay and once in the town of DePere. At the morning service in the city of Green Bay Rev. Wilson exchanged pulpits with Rev. William Forkell. Rev. Wilson also spoke at the state reformatory which is located at the edge of the city limits of Green Bay. The state reformatory is now well supplied with convicts and the local divine's sermon was of special interest to all. Rev. Forkell of Green Bay delivered a most instructive sermon in this city at the Unitarian church in the morning. While in the city he was the guest of Mr. and Mrs. W. H. Greenman.

Mr. S. M. Seligman, the Lion Coffee salesman, is stopping at the Grand Hotel. He says the sale of Lion Coffee is rapidly increasing, as the people come to know its fine drinking qualities. See display of premiums in W. T. Sherer's drug store.

Henry Blunk Will Resign  
Henry Blunk who during the past few years has acted as local representative of the Schlitz Brewing company will soon resign his position. He will be succeeded by Martin J. Riley of Milwaukee. Mr. Blunk during his term of office has represented his company in a most admirable manner.

Recommendation for C. E. Brooks.  
Having sold the Bates Cash Tea Store to Mr. C. E. Brooks, we wish to state that all premium checks will be redeemed by him at any time. We thank our patrons for their past liberal patronage, and heartily commend our successor to the good graces of the public.

BATES CASH TEA CO.

FANCY hams 13½ cents. Will sell half hams at same price. Grubb.

GRUBB'S best flour, 95 cents.

VERY fancy large new potatoes 35 cents a peck at Dedrick Bros.

## WINDOW DISPLAY

An Attractive Lot of Lion Coffee Premiums in W. T. Sherer's Window.  
We frequently hear the claim, "something given for nothing," but do not often see an actual demonstration of the principle, like the display of Lion Coffee premiums now on exhibition in W. T. Sherer's, druggist, window.

Here are many valuable articles, all given free for the lion heads, cut from Lion Coffee wrappers. These are not cheap articles, but comprise clocks, umbrellas, watches, gold rings and jewelry, besides many things useful and ornamental in the household, or will be enjoyed by the children. Lion Coffee fully deserves the popularity which it has gained, because of its superior strength and flavor.

## JOHN CASEY PLEADED GUILTY

Admitted That He Rode His Bicycle on the Sidewalk

In the Rock county municipal court this afternoon when the case of the City of Janesville vs John Casey was called the ex-alderman entered a plea of guilty to riding his bicycle on the sidewalk. He paid a fine of \$1 and costs or a total of \$4 15.

## BRIEF BITS OF LOCAL NEWS

## PROHIBITIONISTS HERE ON JUNE 19

JOHN J. WOOLEY WILL BE IN  
ATTENDANCE.

Will Most Likely Be the Parties Next  
Presidential Nominee—Many Delegates Expected—Meeting Planned  
In the Evening At the Y. M. C. A.

Delegates of the prohibition party of the First Wisconsin congressional district will meet in this city on the afternoon of Tuesday, June 19. The session will be addressed by John J. Wooley, the noted temperance advocate, and in all probability the party's national nominee for president for 1900.

Many delegates will be in attendance at the coming convention, and it promises to be one of the most interesting meetings ever held by the temperance delegates in this portion of the state. Mr. Wooley needs no introduction to the temperance people.

Delegates to the convention to be held here will meet in session in the circuit court chamber of the Rock county court house at 2 o'clock. Mr. Wooley will address a public meeting in the evening to be held in the Y. M. C. A. building.

THERE will be a special meeting of the Knights of the Globe Tuesday evening at 7:30 o'clock for work in the Sir Knights rank. M. S. Taylor, A. Jt.

## ARMY VETERANS HEARD ABLE SERMON

Delivered In Their Honor Yesterday  
Morning at St. Mary's Catholic Church.

At St. Mary's church yesterday morning Rev. Father W. A. Goebel preached a most able sermon in honor of the W. H. Sargent Grand Army post and the Woman's Relief Corps. At 10:15 o'clock the invited veterans and their wives met at post hall and in a body marched to the church. The edifice was appropriately decorated with flowers, potted plants and the national colors. The sermon proved a most able one and was delivered in a way that was pleasing to the veterans. It was a patriotic and religious deliverance that brought forth many warm words of praise. High mass was celebrated prior to the sermon. Special music was rendered, the excellent choir being assisted by Prof. Smith's orchestra.

MRS. J. M. ROACH  
DIED OF PARALYSIS

Well Known Resident of Rock County  
for Many Years—Death of  
Alice Brunk.

Mrs. J. M. Roach died at her home in the town of Harmony this morning at six o'clock. By her death one of the early settlers of the country is removed and a woman highly esteemed by a large circle of friends. She leaves one daughter, Miss Ella Roach, and three sons, John, Frank and Joseph. Mrs. Roach has been ill since Christmas and her death was the result of paralysis.

Alice Brunk  
Alice Brunk, sixteen months old, daughter of Mr. and Mrs. Julius Brunk, died yesterday at their home, corner River and Galena streets. Funeral will be held tomorrow afternoon at 2 o'clock from St. Patrick's church.

WE have just placed on sale 25 dozen colored mercerized skirts.

In all the latest  
Shades and styles.

They are all extra width and well made. These goods range in price from \$1.00 for a good skirt with 12 inch pleating, to \$4.50 for an extra fancy accordion pleated, one that is a beauty indeed. We also have a nice time of wool

Moreen Skirts, \$3 25

Each. Some of these are especially light weight for summer wear.

HELEN SERVATIUS.

YOU MAY  
NOT . . .

## DISCOVERIES IN EGYPT.

Good Work by University of California Explorers.

REMARKABLE SUCCESS ACHIEVED.

An Unknown Tomb and a Great Many Papyrus Have Been Found by Messrs. Grenfell and Hunt—Manuscripts Stuffed in Crocodiles—The Danger of Karnak.

The Egyptian Exploration fund has achieved a remarkable success at Abydos, where the work has been conducted by Professor Flinders Petrie and Mr. Mace, says the London Times. For the previous four years Abydos had been given over to M. Amelineau, who had the luck, denied to his great predecessor Mariette, to light upon the tombs of the kings of the first three dynasties. M. Amelineau's control over his workmen was so imperfect that many of his finest objects were stolen and passed through dealers' hands, without any record of the details of their position, into various European collections.

In view of the great importance of the site Professor Petrie determined to go over the ground again more thoroughly and scientifically and search the rubbish heaps of M. Amelineau's work. The result has brilliantly justified him. He has discovered a royal tomb—that of Merneptah, a previously unknown king. More than 60 inscribed pieces of pottery have enabled him, as he believes, to identify three of the royal names of the Abydos tombs with those previously known from the lists.

For the Egyptian research account work has been carried on by Mr. Garstang among some tombs near Abydos. He has come upon several undisturbed burials both of the twelfth and eighteenth dynasties and some which it is hoped may belong to that obscure "intermediate" period between the two, the length of which the Berlin Egyptologists, on the strength of an astronomical date in a twelfth dynasty papyrus, propose to reduce to about 300 years.

The liberality of the University of California has supported two undertakings to Egypt during the past season. At Kufi Mr. Reisner's thorough but unsuccessful attempt to find the long sought cemetery of Coptos seems to prove that the cemetery lay just outside the city and that the gradual rise of the valley of the Nile during the last 2,000 years has buried it beneath the cultivation. At Umm el Barakat, on the southern edge of the Fayum, Messrs. Grenfell and Hunt, who have transferred their allegiance to the above mentioned American institution, have just completed the fourth season of their work of searching for papyrus in Egypt. Here they have discovered the ruins of a large town, whose ancient name appears to have been Tebtunis and whose very existence was hitherto unknown either to archaeologists or to native diggers. To judge from the remains the life of this city extended from Ptolemaic down to Arabic times. Their excavations in the town yielded them many papyrus, especially from the houses of the priests in the temple enclosure. These date from the first to the third century A. D. An early Coptic church with curious frescoes and inscriptions on the walls was also brought to light. In the tombs adjacent to the town the discovery of a very large cemetery, the earliest monuments dating from the twelfth dynasty, is of especial importance for determining the position and height of Lake Moeris. It proves that the estimate of Captain Lyons, which placed the level of Lake Moeris at 23 meters above the sea, is the highest which can be entertained, these remains being the first to be discovered on the second of the three plateaus on which the Fayum is divided.

In the Ptolemaic cemetery the excavators found about 60 monuments in good preservation. Besides being damaged by damp. These had papyrus cartonnage like those found by Professor Petrie at Gurob. Much more remarkable than the discovery of the papyrus cartonnage, however, was the discovery of several thousand specimens of mummified crocodiles, the local deity of the Fayum, of some of the crocodiles wrapped up in papyrus sheets and stuffed in the head and stomach of the mummies. Among these are many large and fine rolls, but, though some have not yet been examined, it is feared that they do not contain important literary remains. All are of a late Ptolemaic date. The Greek papyrus are being taken to England for publication; the demotic rolls remain at the museum of Ghizeh.

Messrs. Grenfell and Hunt deserve to be congratulated on the result of their season's work, the general result of which is nearly to double the extent of the Ptolemaic papyrus.

A word should be added as to the danger which threatens the temple at Karnak after the fall of the third column last year. Two of these columns fell against the pylon and dangerously unsettled that huge mass of masonry, the whole of which now threatens to topple over. It is feared that the temple like nine of the famous ruins of columns of the Ptolemaic hall. Every precaution that can be devised to avert this catastrophe is being taken by the Messrs. Grenfell and Hunt.

The critical period will be during the Nile flood this year, whose subsidence may cause a dangerous movement of the temple. After that an attempt will be made to take down the wall of the affected angle of the pylon and rebuild it tier by tier. But unless and until this can be done the Ptolemaic hall must be prepared to bear of an unparalleled disaster which no human science or effort may be able to avert.

## LIBERTY'S TORCH TOO DIM.

Plan Suggested to Make the Statue a Brilliant Beacon.

The torch of the statue of Liberty is disappointing to many as a beacon, and a New Yorker, well known in artistic circles, makes a suggestion which he thinks would render it much more imposing. His idea is simply to discharge a jet of waste steam from the center of the torch as soon as the lights are shown in the evening. Then as the night settles down in all its blackness this cloud of vapor would catch the glare of the powerful arc lamps and be transformed to all appearances into a huge flame floating off with the wind, and the great statue would be holding aloft a mighty flambeau instead of the small but brilliant spark she now carries in her hand, and which, when the outlines of the figure are lost in obscurity, cannot be distinguished from a low hanging planet.

The author of this suggestion is Charles W. Canfield, a member of the firm which erected General Grant's sarcophagus. He also says that an appropriate lurid tinge could be thrown upon this illuminated steam by a simple arrangement of screens of ruby glass.

"I have often thought, when coming up the bay of nights," said Mr. Canfield recently to a reporter of the New York Times, "that that light wasn't all that it should be. A few nights ago I was walking in Broadway when a cloud of exhaust steam from one of the elevated locomotives blew over my head.

"A searchlight on one of the big Sixth avenue department stores was playing up and down the street at the time, and the beam fell upon the steam, turning it into a sheet of white fire, which lighted up the whole thoroughfare, and I said, 'That's what Miss Liberty needs—a torch that will flare.' "I understand that the government operates its own power plant for the lights on Bedloe's Island. Why couldn't they train the exhaust pipe up inside the statue's torch arm, and thus let the waste steam be made to shine for all?"

## BRIDAL GIFT OF \$85,000.

Senator Clark's Presents to His Daughter Valued at That Amount.

Senator Clark's wedding gift to Miss Katherine Clark, his daughter, who is to marry Dr. Lewis Rutherford Morris on May 28, is jewels the cost of which was \$85,000, says the New York World. Miss Clark is being literally overwhelmed with presents, and the dilemma that is puzzling her pretty head these days is just where to put them. Friends of the bride and bridegroom will be given an opportunity to view these wonderful gifts after the wedding.

Six thousand invitations were issued to this wedding, which is to be one of the most elaborate that has ever been celebrated in New York. Those who are familiar with its arrangements do not hesitate to declare that the magnificence of the Marlborough-Vanderbilt nuptials will be eclipsed by that of this young western girl and the popular physician who has won her for his bride.

The reception, which is to take place at the residence of the bride's brother-in-law and sister, Dr. and Mrs. Everett M. Culver, in New York, will be limited to 700 guests. They will be received among fragrant pink and white blossoms artistically arranged. There will of course be the added attraction of music. Buffet refreshments will be served. A dinner of 50 covers will follow the reception. Delmonico has it in charge. The menu cards, which are to be very unique, will be finished in silver. They are intended as souvenirs for those present. The 700 cake boxes are to be square in shape and will be covered with grosgrain silk bearing on the white surface the combined monogram of the bride and bridegroom done in silver.

Miss Clark's trousseau will be in keeping with the other arrangements for her wedding. Only the most beautiful materials and the costliest laces will be used in the construction of her wardrobe.

## New Species of Petrel and Gull.

On the island of Kauai a species of petrel new to science has been discovered, according to a Honolulu dispatch from the New York Sun. A. Searle, a Stanford university graduate and ornithologist, made the discovery while collecting specimens for the Bishop museum. He also found a new species of sea gull on the island. Searle sailed recently for Guam on the transport Warren. He goes to Guam to explore the island and make a collection of birds and fishes for the Bishop museum of Honolulu.

A steady Housekeeper. "I don't believe you ever had a stroke of work in your life," Tramp, "I was six years in one place, mum." "Indeed! How did you happen to leave?" "I was pardoned out, mum."—New York Weekly.

Oldest Love Letter in the World. The oldest love letter in the world is a proposal of marriage for the hand of an Egyptian princess, made 3,500 years ago. It is in the form of an inscribed brick, and is therefore not only the oldest, but the most substantial love letter that has ever been written.

Mr. C. B. Carpenter, a dealer in jewelry, 36 South Main street, says: "For some time past, as a result of disordered kidneys and uric acid poisoning, I suffered from a pain across the small of my back, rheumatism, and spells of nervousness. Morrow's Kidney Pills soon conquered the backache and rheumatism, and quieted and strengthened my nerves. I will advise all who suffer from kidney complaint to use Kidney Pills."

Morrow's Kidney Pills are not like the yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co., 212 Union.

Mailed on receipt of price, manufactured by J. M. Morrow & Co., chemists, Springfield, Ohio.

TRY GRAIN-O! TRY GRAIN-O! Ask your grocer today to show you a package of GRAIN-O! It is a new and safe laxative, without injury as well as the adult. All who try it, like it. GRAIN-O has that rich, sweet, pure grains, and the delicate stomach receives it without distress. At the price of coffee, 10c. and 25c. per package. Sold by all grocers.

## Belgian Split Is Growing.

Brussels, May 28.—The split in the rank of the clerical politicians grows more pronounced daily. The Christian democrats, under the leadership of Father Daens, who is a candidate for parliament, have published a manifesto recommending to the electors of Liege, Charleroi and Tournai that they vote against the Catholic Conservatives, who are denounced as confirmed hypocrites. King Leopold has just visited the Paris exposition in successful incognito. The royal yacht Alberta has reached Rouen, sailing only by night.

May Appoint Charles Leitchman.

Washington, May 28.—It is understood that the president has decided to appoint as a member of the industrial commission, to succeed M. D. Ratchford, resigned, Charles Leitchman of Massachusetts, formerly general secretary-treasurer of the Knights of Labor.

Application for Extradition.

Washington, May 28.—The state department has received from the British ambassador a formal application for the extradition of Count de Toulouse Lautrec, now under arrest in Chicago on a charge of swindling and forgery committed in Montreal.

Bubonic Plague in Manila.

Manila, May 28.—The government corral at Manila has been quarantined. There are four suspected cases of bubonic plague among the teamsters, who are living in filthy dwellings, which will be burned.

Duquesne Club Caught.

Pittsburg, May 28.—Members of the Duquesne club of this city and others are gnashing their teeth over the loss of almost \$1,000,000 invested in American Steel Hoop company stock.

Pretty Well Divided.

In Louisville, Ky., there are a Democratic central trade union and a Republican federation of trades union, with a corresponding split in each labor union.

You Try It

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cents, 50 cents and \$1, does not cure take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

Excursion Tickets to Milwaukee

Via the North-Western Line, will be sold at reduced rates, June 2 to 5, inclusive, limited to June 30, on account of Women's Clubs Meeting. Apply to agents Chicago & North-Western R'y.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the fiction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Smith's Pharmacy, next to post office, Kodak agents.

Home-seekers' Excursion Via C. M. & St. P. Railway.

On May 1st and 15th and June 5th and 10th, good for twenty-one days, at one fare plus two dollars for the round trip to points South, West and Southwest, including Denver, Pueblo and Colorado Springs. Further particulars at passenger depot.

Many a Lover

Has turned with disgust from an otherwise lovable girl with an offensive breath. Karl's Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years an absolute guarantee. Price 25 cents and 50 cents. Sold by J. P. Baker.

Low Rates to North Manchester, Ind.

Via C. M. & St. P. R'y.

On May 29 and 30 good to return until July 1, account annual meeting German Baptists.

## ADDS HIS EVIDENCE.

Story is the Same as From Other Sources.

Lots of Money Spent But No Returns Have Been Received.

The people in Janesville willingly add their evidence to that which has already been given in favor of Morrow's Kidney Pills, the best remedy that has ever been sold in this city for backache, kidney and urinary disorders, sleeplessness and nervousness. Our druggists report wonderful cures and state that Kidney Pills are daily increasing in the opinion of our people. Kidney Pills act directly upon the kidneys and nerves and restore them to their normal condition. Good kidneys make good blood, good blood makes strong nerves. Kidney Pills make good kidneys and strong nerves.

Mr. C. B. Carpenter, a dealer in jewelry, 36 South Main street, says: "For some time past, as a result of disordered kidneys and uric acid poisoning, I suffered from a pain across the small of my back, rheumatism, and spells of nervousness. ## LATE TELEGRAPHIC NEWS..

## BOARD OF MEDICAL MEN

Appointed to Study Infectious Diseases in Cuba.

## ANTI-TRUST BILL TO BE FIRST

On the List of Several Pending Measures in the House—It Will Be Considered Friday and Saturday Under Special Rules.

Washington, May 28.—The secretary of war has appointed a board of medical officers to meet at Quemados, Cuba, for the purpose of pursuing scientific investigations with reference to the infectious diseases prevalent on the island of Cuba. The detail for the board is as follows: Major Walter Reed and Acting Assistant Surgeons James Carroll, Aristides Agramonte and Jesse W. Lazear. The board will act under general instructions from the surgeon general of the army.

## Anti-Trust Bill Foremost.

Washington, May 28.—The house leaders are figuring that the senate will agree to the house's resolution to adjourn Wednesday, June 6, so that much business is being crowded into this week. There are half a dozen measures of public importance pressing, including the oleomargarine bill, the anti-canteen bill, the St. Louis fair bill, the Philadelphia museum bill, and the anti-trust measures, but the indications are that none save the anti-trust bill and resolution will be considered. Friday and Saturday are to be devoted to their consideration under special rules. In the senate the sundry civil appropriation bill will be considered for two or three days more; and by the time that it is disposed of the general deficiency bill will be ready for consideration. Neither the deficiency nor the military academy bill, the only appropriation bills undisposed of except the sundry civil, is expected to consume any considerable time. The senate will make an effort to meet the plans of the house in the matter of final adjournment on June 6, but there is a general apprehension among senators that the date may be postponed until the 9th or the 11th.

## Keane Seems to Be in Lead.

Washington, May 28.—Important advices from Rome are expected here soon concerning the vacant sees of Columbus, Dubuque and Fort Wayne, over the appointment of whose bishops there is considerable friction. As regards the vacant archdiocese of Dubuque, whose last incumbent died three months ago, disaffection exists, which serves to retard his successor's appointment. The leading candidates embrace Archbishop Keane of the Catholic university here, Bishop Cosgrove of Davenport, Iowa, a suffragan prelate of Dubuque, and Father Carroll of the same city. It has been tacitly understood among the American hierarchy that the first vacancy of this kind would be given to Archbishop Keane, whose present title, "Archbishop of Damascus," is only an honorary distinction, but the German priests of Dubuque are opposed to his selection.

## Happy on 100th Birthday.

New York, May 28.—Albert Vanderbeck, who was born in Thomas street, New York, on May 22, 1800, has celebrated his one hundredth birthday at Trenton, N. Y. For twenty years he had a fish stand in Fulton market. "There isn't a man in Trenton today in better health than I," he said. "I haven't a pain or an ache, and I can eat just as heartily as I did 20 years ago. Of course, I'm not so spry as I used to be, but when a man has been on his feet for a hundred years he is bound to begin to feel the effects of wear."

## Killed by Man Who Owed Him.

Alliance, Neb., May 28.—E. G. Wait, a jeweler, presented a bill to Henry Matthews for some repairing, which the latter declined to pay. Wait was persistent in demanding payment, and Matthews struck him on the head with a blunt instrument, felling him to the floor. Regaining consciousness, Wait got up and started home. After walking a block he fell again and died without regaining consciousness. He leaves a wife and two children. Matthews was arrested on a charge of murder.

## Heavy Fighting at Kumasi.

Accra, May 28.—It is reported that three European officers were killed and Capt. Apin and 100 Hausers were wounded in a recent effort by the Lagos Hausers to break the investing lines of tribesmen at Kumasi. The Ashanti loss is reported to have been 2000 men. The Hausers had three Max-

## "GOOD DIGESTION"

waits on appetite." Lack of appetite usually indicates weak digestion. Hostetter's Stomach Bitters taken before meals will create a healthy desire for food, by cleansing the clogged bowels and stimulating the secretions of the stomach. It also purifies the blood, strengthens and invigorates the liver and kidneys. It is undoubtedly the most efficient medicine in the world for stomach troubles. A Private Revenue Stamp covers the neck of the bottle.

Accept no **HOSTETTER'S** Substitutes if **STOMACH** You Value Health. **BITTERS**

ins engaged, although themselves greatly outnumbered. Three hundred Ashantis are said to have been killed in a previous action. The rising is still spreading.

## Died of a Man's Bite.

Saratoga, May 28.—Charles B. Geerearts, aged 35, a Corinth blacksmith, died from the effects of a bite in the cheek inflicted during a fight with Geo. Gray, a hotel employee. The coroner made an investigation in the case and will hold Gray responsible for Geerearts' death. Geerearts died in great agony. His face was distorted as a result of blood poisoning. Gray, who threatened to kill himself when his victim died, has disappeared.

## McKinley Looks at Eclipse.

Washington, May 28.—The president and party left Washington on the Dolphin for a trip down the Potomac and viewed the eclipse from Old Point Comfort, Va.

## SHOT IN ST. LOUIS STRIKE RIOT

Three Injured in a Battle Between a Crowd and Non-Union Employees.

St. Louis, Mo., May 28.—As the result of an encounter between strikers and employees of the Transit street railway system, three men were shot, one being fatally and the others seriously wounded. As Philip Sullivan, James Sullivan, and Patrick O'Connell, strikers, were passing through Lafayette park they were approached from the rear and fired upon by three men, said to be in the company's employ. One of the bullets passed through Philip Sullivan's right lung, giving him a mortal wound. James Sullivan received a ball in the left cheek, and O'Connell was shot through the right leg. Accounts of the affair differ, some bystanders claiming that it was a deliberate attempt at assassination on the part of the company's new employees, while others aver that it was nothing more or less than a pitched battle between the two factions. A riot call was sounded, but the three unknown men made their escape by the time the police arrived on the scene.

## BIG BATTLE EXPECTED.

English and Boers May Clash at Laing's Nek.

London, May 28.—Lord Roberts has 20,000 infantry, 20,000 horse and 150 guns moving on Johannesburg and Pretoria, through a parched and deserted country. Several correspondents wire the London papers that there are 100,000 foreigners in the Boer ranks, but this is hardly creditable. The indications are that a pitched battle is imminent at Laing's nek, where Gen. Buller faces the Boers, reinforced and seemingly determined, with an estimated strength of from 8,000 to 10,000 men. The reinforcements include a large party of Ladybrand and fresh commandos from Pretoria.

Maseru, Basutoland, May 28.—Four squadrons of colonials captured 150 Boers, with ten wagons of grain, near Ficksburg, where they also captured a Maxim constructed by a local inventor.

Barkly, West, May 28.—It is reported that the Boers have recaptured Kuruman and that large laagers are located at Rietfontein and Daniel's kuil.

## SHOT DEAD BY OUTLAWS.

Utah Sheriff and a Cattle Hunter Killed by Desperadoes.

Thompson's, Utah, May 28.—A band of outlaws killed Sheriff Tyler of Grand county and Sam Jenkins, a cattle runner, near Hill creek, about fifty miles north of here, yesterday. A posse was immediately organized here and started for the scene, in charge of Sheriff Howells. Gov. Wells was notified and he promptly guaranteed all expenses of the small army which is being organized from every county in this half of the state. As there are thought to be at least twenty outlaws in the gang, a desperate battle will ensue when they meet the posse.

The men are thought to belong to the band that held up a Union Pacific train in Wyoming a year ago and dynamited the express car and secured a large amount of money. They have boasted that they have whipped thirty men in Wyoming and can do the same in Utah. About fifty are already engaged in the chase and by tomorrow the number will probably be doubled.

## To Collect Hawaii Revenues.

San Francisco, Cal., May 28.—Collector of Internal Revenue Lynch is making preparations to establish an office in Honolulu, the Hawaiian islands having been added to the district of California. The internal revenue laws go into effect in Hawaii on June 14. All deputies at the Honolulu office will be selected from citizens of Hawaii. The stocks of beer, wines, liquors, opium, cigars and tobacco now in the islands will be inspected and inventoried. After June 14 goods from the United States must be stamped before being sent to the islands.

## BISHOPS ARE CONSECRATED

To the Service of the Methodist Episcopal Church.

## AN IMPRESSIVE CEREMONY.

Presbyterians Adjourn at St. Louis to Meet in Philadelphia—United Presbyterians Strike Blow at Divine Healing—Methodist Protestants at Atlantic City.

Chicago, May 28.—The consecration of the four newly elected bishops of the Methodist church took place in the Auditorium in the presence of 3,000 persons, who came to witness the simple but impressive ceremonies. The church now has nineteen bishops and five missionary bishops, three of them being non-effective. The bishops who were consecrated are David H. Moore, assigned to Shanghai; John W. Hamilton, assigned to San Francisco; and Missionary Bishops Edwin W. Parker and F. W. Warne, assigned to southern Asia. The ceremony which completed their title to the office was the laying on of hands by twelve bishops. Bishop Bowman, senior member of the board of bishops, presided and opened the service by leading in the singing of "Heralds of the Cross." Other bishops followed in prayer, reading of the scripture and in leading the singing. Each bishop to be consecrated was accompanied by two elders, who, presenting him to Bishop Bowman, said: "We present unto you this good and holy man to be consecrated a bishop." Bishop Moore was first, each of the other bishops-elect following and being presented by different elders. They then answered questions as to the work they had been called to perform.

By a narrow majority of thirty votes the general conference decreed that the ban on amusements be preserved in the church discipline for the next four years.

St. Louis, Mo., May 28.—The Presbyterian general assembly, which has been holding its 112th annual meeting at the Compton Avenue Presbyterian church the last ten days, concluded its deliberations and adjourned sine die to meet next year in Philadelphia. The session just concluded has been one of the most important ever held by the assembly.

Chicago, May 28.—The United Presbyterian general assembly at its fourth session at the Sixth United Presbyterian church, declared that "belief in divine healing arises from misinterpretation of the scripture in regard to Christ's redemption work and the function of Christian faith, and that it is repugnant to sanctified common sense." It declared that the rejection of means of recognized utility of sickness and injury was presumptuous and unscriptural.

Atlantic City, N. J., May 28.—The quadrennial conference of the Methodist Protestant church elected delegates to the Ecumenical Congress of Methodism, which is to meet in London, Sept. 4, 1901. The word "catholic" in the apostles' creed, stricken out by the last quadrennial conference, was ordered restored in the paragraph reading "the holy catholic church." Montgomery, Ala., was selected as the place of the next meeting of the conference.

Boston, Mass., May 28.—The closing session of the American Unitarian association's seventy-fifth anniversary meeting, which has been in progress here for a week, was held and the committee appointed Thursday to prepare a plan for organizing an international council of religion presented its report.

## Indiana Editors in Session.

Indianapolis, Ind., May 28.—The Democratic editors of Indiana held their annual meeting at the Grand hotel here. Mayor J. B. Simpson of Paoli presided and A. J. Dipboze of Columbus acted as secretary. The committee on resolutions had a lengthy session. Their report was adopted as read. The resolutions start off with the following: "We express the highest confidence in the honesty, integrity and statesmanship of William Jennings Bryan and refer with pride to his matchless defense of the rights of the people. We favor a bimetallic currency composed of gold and silver, and that both metals, when coined, shall be a legal tender for the payment of all debts, public and private."

## Young Composer Ends Life.

St. Joseph, Mo., May 28.—Robert Wizarde, a young author and composer who came to St. Joseph several months ago from Kansas City, committed suicide in his studio here by cutting the arteries in his wrists with a razor. He left no note to explain why he committed the deed. Wizarde wrote a curtain raiser for Julia Marlowe, the actress, which has been put on by her with some of the plays during the last season, and he claimed to be engaged in writing a melodrama for her which he expected to have ready to submit early this summer.

Low Rates to Green Bay, Wisconsin Via C. M. & St. P. Ry.

On June 4th, 5th and 6th, limited to June 11th, account Grand Lodge I. O. O. F. Full particulars at passenger depot.

## THE VACANT CHAIR.

When the little family circle is broken and we sit sadly looking upon the vacant chair, we think of the things that perhaps we might have done to keep the loved one with us. Why not think of these things now before it is too late? Is it a kind, loving and hard-working mother who is giving all her strength and efforts for the family well-being and happiness? Is it a delicate, fragile sister, or a weak and ailing wife? Try to give her the tender care she needs. Do not let her fade away for want of earnest effort to preserve and restore her.

An Ohio lady, Mrs. Shopshire, living in Ballou, Shelby Co., in a thoughtful letter to Dr. R. V. Pierce of Buffalo, N. Y., says: "My mother had an ovarian tumor which we thought would result in her death, but we commenced using your 'Favorite Prescription' and before she had taken three bottles she began to improve; she is living to-day and we have given your medicine the credit. My mother was sixty-six years old when the tumor commenced to grow; she is seventy-six now and the tumor is all gone. She had gotten awful large, and her limbs began to swell before she began to use your medicine. I value it so much that I am hardly ever out of it in my house."

This is but one of many thousands of instances in which this matchless "Prescription" has restored such complete health and purification to the distinctly feminine organism as to dispel every possible trace of abnormal or dangerous conditions without resort to surgery or similar noxious methods. For every form of female weakness and disease it is the supreme specific designed for this one purpose and no other by an educated skillful physician of extraordinary experience in this particular field of practice.

Dr. Pierce's Pleasant Pellets cure constipation. At all medicine stores.

The price must be made satisfactory. We are in business to sell and have marked every shoe in our stock at the lowest possible figures. When you see our assortment you will realize the care we

have given to our selections and the pains we have taken in obtaining figures decidedly to your advantage. Our stock was purchased before the rise in leather goods, so we are enabled to give our customers the benefit. We urge an inspection.

We have just received a ladies' welt sole, extra fine Kid Shoe that is a beauty; some stores would ask you more, but our price is..... **\$4.00**

If you do not want to pay quite so much we can suit you for..... **3.50**

Ladies' best Dongola..... **\$1.50**

## HIS CIRCLE OF FRIENDS.

He Thought It Was Limited, So Strove to Enlarge It.

"We have lived out here in Oakwood-by-the-Lake for five years," said Jenkins at the breakfast table, "and I know just exactly 13 people outside of my own family. I've always thought that people were sociable out in the suburbs. But they aren't. There's Brown and his wife and Mr. and Mrs. Elliot and the three Edwards sisters and young Sharp. And if you count John and Nellie Best and the Strong family you've got 'em all. Just 13."

"But the trouble is, John," said his wife, "that you go down town so early that you don't see anything of anybody here in the daytime, and you know how hard it is to get you to go out in the evening. Now, if you would only join one of the club clubs and go out with me one evening a week you'd soon find that you knew a big lot of nice people. They are sociable enough, John. The fault is with you."

The next week Jenkins told his wife to put in their names for membership in one of the club clubs.

"Pick out the biggest one," he said. "I want to see some new people for a change."

On Tuesday evening he came home early from the office. His wife met him at the door.

"Where is it going to meet?" he asked.

"Over at Strong's tonight. You know it meets at the houses of all the members in turn."

Jenkins and his wife were a little

late in getting to the party. The members were already seated at the card tables when they came in. Mr. Strong introduced them.

"Ladies and gentlemen," he said, "let me introduce our new members, Mr. and Mrs. Jenkins."

The club members rose and bowed. There were Brown and his wife, Mr. and Mrs. Elliot, the three Edwards sisters, young Sharp, John and Nellie Best and the Strong family.

"I think you know them all, Mr. Jenkins," said his host.

"Yes," said Jenkins, "I think I do."—Chicago Tribune.

## Beating a Coincidence.

I was sitting with the colonel in his office when a negro came in from the plantation and said:

"Kumel Baker, I has come in to tell yo' dat one of yo' hawgs am missin."

"And I hear that you are eating fresh pork," replied the colonel.

"Yes, sah."

"Isn't it a rather curious coincidence that you should be eating fresh pork just as one of my hogs was missing?"

"Do yo' think so, kumel?"

"I certainly do."

"Dat's de way my ole woman said yo'd think, an fur fear yo'd spect me of knowin whar dat hawg went I've bring along \$3 in cash to pay fur him!"

"That's right, Jim, perfectly right, and you may go back and keep your eye on the rest of the drove. Three dollars! And it's your hog, and there's no more curious coincidences about it."

## POINTER NO. 2.

It is the Height  
Of Many Men's  
... Ambitions

TO HAVE THEIR CLOTHES MADE TO ORDER.

What does the man get when he selects a suit from a sample piece of cloth and has his suit made from it by a cheap Chicago tailor? Here is where the pointer comes in. He gets worse than trash—worse than the commonest kind of ready-made stuff. You can't get a first-class made-to-measure suit at \$12 to \$18 00 by any means.

## You Can Get

A first-class all ready to wear Suit from us at \$15.00 to \$20.00 which compares favorably with good made to order suits that cost \$25.00 to \$30.00.

## Stop and Think

What will you do—go to a first-class tailor and pay from \$25 00 to \$40 00, or get our right tailored garments at \$15.00, upwards? It is the made-to-measure man whom we are most anxious to bring into our store that he may see with his own eyes scientifically tailored to fit clothing.

\$15, \$18, \$20.

Blue Serges with us are made right. They come in regular sizes, slim and stout sizes. Can fit most any man. Would like to have you see them.

**T. J. ZIEGLER,**  
E. J. SMITH, Manager.

Fine  
Teas and  
Coffees...

We have from the beginning made a specialty of these lines, using every means to obtain the finest goods possible to retail at the different prices. We have been very successful in our efforts to give the trade something better for the money than that to which they had been accustomed. Our trade has steadily increased and the compliments and comparisons made by some of our enthusiastic patrons would fill a volume. We give no dishes or premiums, just straight Coffee and Tea. When you buy Coffee you perhaps do not care to BUY a piece of china also. Of our entire line our old original

Borneo Blend  
At 22 Cents

Is perhaps served on more breakfast tables each morning than any other one make of Coffee in the city. Simply because it is all Coffee and so perfect and aromatic a blend that even experts find it hard to distinguish from genuine Mocha and Java.

Purity Mocha  
and Java at 34c

Is steadily gaining in popularity and for those who drink the best we can offer nothing better.

Roasted Rio,  
Per lb., 9 1-2c.

Sure to please those who wish a cheap Coffee.

Mikado Sun  
Dried Japan  
Tea, per lb., 55c

Formerly sold at 60c per lb., and the highest grade of pure Japan Tea.

Fancy Sun  
Dried Tea,  
Per lb., 35c.

What Borneo Blend is to our Coffee trade this 35c Tea is to our Tea trade. Enough said.

Japan Dust  
or Fannings,  
Per lb., 23c.

Sold either in bulk or 1-lb. Japanese paper package. Siftings from best leaf Teas.

**DEDRICK  
BROS.**

## Screen Doors...

All sizes and styles.

Adjustable  
Window Screens

Fit all windows.

**H. L. McNAMARA,**  
Armory Block.

## Gloves for the Feet...

That is what you will say if you wear a Foster Shoe. They are the best made. We have talked with many ladies and find that no Shoe is as popular as a Foster. You once wear a pair and you never again will be satisfied to wear anything else. Like everything else that is the best it is the cheapest in the end. It will wear longer; it is always a perfect fit; it is a leader in style. We have just added to the line a new hand channel sole which is as flexible as a turn, and in weight, just between a welt and turn. It has the upper stock the same as in higher priced grades and made on the same lasts, but by this new process of hand channeling the sole, we buy it so that we can now sell it at

\$3.50.

Just think of a Foster Shoe at that price. All widths carried in stock. We have a swell line of new summer Oxfords.

The freshest shine stand in the city. All hours.

**SPENCER,**

THE NEWEST.

## BORT, BAILEY &amp; CO.

200 Dozen
